# BGPWatch API

1. **Acquiring your API KEY**
2. **API**
3. **Try it Out**

---

## Acquiring your API KEY

1. Acquiring your API KEY Log into BGPWatch.
2. Click on the avatar in the upper right corner, and then select "API-KEY Setting."

3. Here you have **(1) "your API KEY"**, and you can **(3) "add Source IP"**. After you added source IP address at (3) , you can view the source IPs at (2).
   *By adding source IPs, it means that only the specified IP addresses will be permitted to access with this API KEY.*
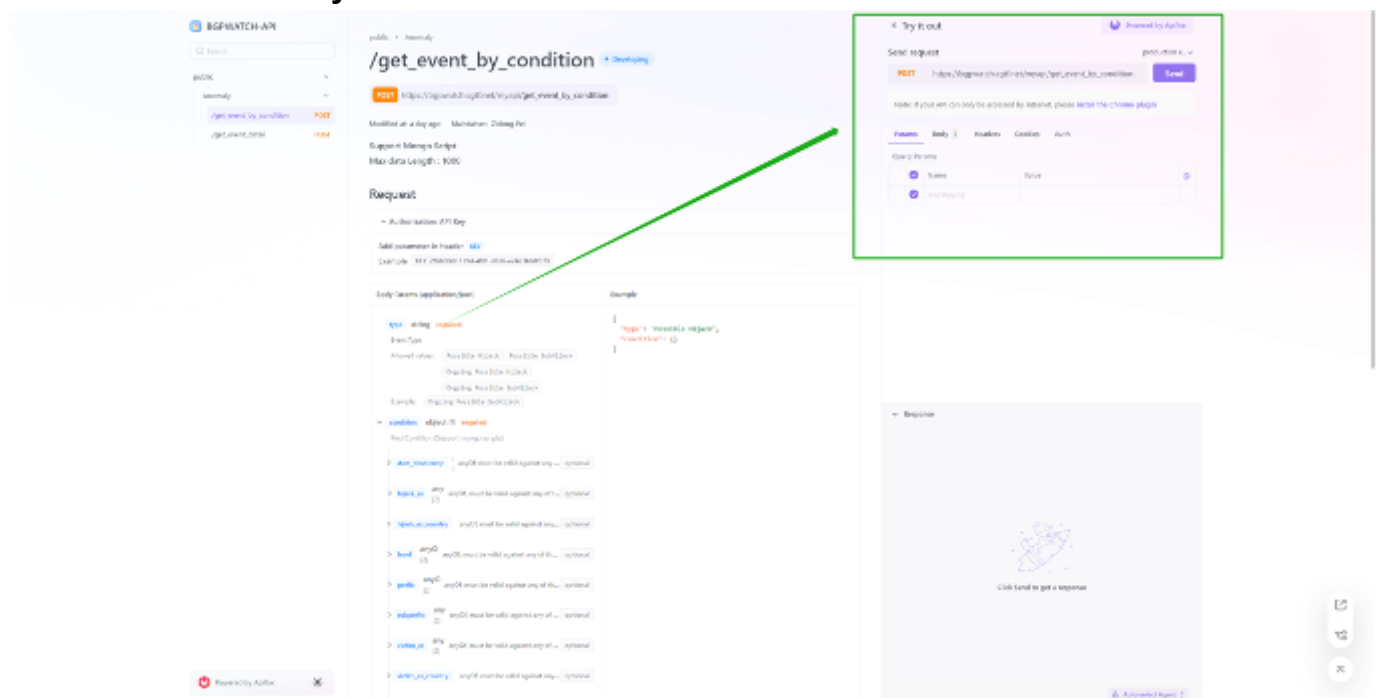

# API

*For more detailed API information, visit website [https://bgpwatch.cgtf.net/myapi/doc](https://bgpwatch.cgtf.net/myapi/doc)*
